

PRESS RELEASE

For Immediate Release

Sydney, Australia - 15th October 2012

RealSatisfied (<http://www.realsatisfied.com/>), the fastest growing leading provider of customer satisfaction surveys & performance ratings to the Real Estate industry, today announced the launch of a new WordPress plugin to be used in conjunction with the recently released Agent Profile Pages.

“Building on the success of our Agent Profile Pages, the WordPress plugin has been developed to further support our customers in presenting RealSatisfied ratings and testimonial data for agents on their own WordPress powered websites.” said Phil Kells, co-founder of RealSatisfied.

“The plugin provides customers with a configurable sidebar widget within their WordPress installation. Customers can be up and running in just a matter of minutes.” continued Kells.

The data displayed in the WordPress plugin is based on the RSS feed from an agents RealSatisfied Agent Profile Page.

The plugin is available from today on WordPress.org
<http://wordpress.org/extend/plugins/realsatisfied-widget/>

“The release of our WordPress plugin is another milestone for RealSatisfied in helping agents manage and measure their reputation.” said Chris Drayer, North American CMO for RealSatisfied.

Based in Sydney, Australia with operations in Australia, The United States and Canada, RealSatisfied is the fastest growing 3rd party customer satisfaction and service measurement platform for the Real Estate industry. Founded in 2010, RealSatisfied provides a turn key solution across both Sales and Property Management functions to enable real, actionable feedback and performance ratings from clients.
